

Dear Banerjee ji,

Greetings from UNICEF India!

As you know UNICEF is a United Nations Organisation and works in 190+ countries for children and youth. UNICEF has been working in India since Independence and works closely with central and state governments through the nodal Ministry of Women and Child Development. Four years ago, UNICEF set up a new initiative called YuWaah, which is a partnership platform with a mission to enable the youth to realise their potential. Under the YuWaah initiative, UNICEF has signed Letters of Intent with the Ministry of Education, the Ministry of Skill Development and Entrepreneurship, Ministry of Labour and Employment to name a few.

Thank you for participating in our recent survey on the needs of college students. Through your feedback, and other college representatives, we were able to observe a significant interest in job support and career guidance. Responding to this, **we are initiating specialised programmes to equip students with job-ready skills through a special 3-day AI Bootcamp from 9-11 March, 10-11 AM.**

Your institution is one of the few that we are reaching out to for this opportunity.

This virtual seminar series will be free of cost and empower students to become **JOB READY** by learning how to use Artificial Intelligence in their job search journey. Experts will guide participants in utilising new digital tools like ChatGPT and Gemini for resume building and interview preparation.

You can share this poster digitally, or in print, within your network of college students through emails, WhatsApp, and other channels along with this message:

Download the poster [HERE](#).

Dear Students,

UNICEF invites you to become a part of an exclusive learning opportunity that could transform your career journey! Join a series of insightful workshops on how you can become JOB READY by learning how to use Artificial Intelligence in your job search journey.

In today's competitive job market, mastering Artificial Intelligence is a game-changer. This workshop is designed to equip you with the skills needed to leverage AI in your job search.

Register today:

Check out the poster for more details!

We would like to hear from you on this initiative. Do let us know if you have any suggestions on any topics that you would like us to cover in subsequent seminars conducted by YuWaah at UNICEF.

Warm Regards,
Abhishek Gupta
COO YuWaah at UNICEF
